125

ア People in this tour will be able to make cheese by paying some money after seeing how to make cheese.

イ According to the guide, there are only one hundred kinds of cheese now in the world.

ウ The world cheese map shows cheese produced in each area and also things people use to make it.

エ People found out the first person who made cheese in the world, and where it was made.

オ A long time ago, people already had the skills to use a small amount of salt to make cheese.

カ People in this tour are going to the Cheese History Room first to take the test about cheese history.

キ People in this tour will go and see, through glass, how to make cheese in this factory.
